[PROSTATE CANCER AWARENESS MONTH](#)

PSA screening stands as the most effective tool presently accessible for identifying prostate cancer, and it's advised for men aged 40 and above. In addition, a prostate MRI can be employed for the purposes of diagnosing, or monitoring the treatment of prostate cancer.

[MAKING STRIDES](#)

The American Cancer Society will be hosting the Making Strides Against Breast Cancer Walk in
📍 Ocean City on Sunday, October 8, 2023 and in
📍 Point Pleasant on the following Sunday, October 15. Every step you take will help people stay well and get well, find cures, and empower communities to fight back. Join Team AMI so we can do it together!
